

# Specification

Product Name	Model No.	Interface	Version
USB Flash Disk		USB2.0	2.0

## Introduction

- 1.Removable Storage Device(up to 128GB)
- 2.USB2.0 high speed
- 3.Plug & play and support hot swap
4. Easy to use, stable and reliable

## System Requirements

Item	Description
Hardware	IBM PC or compatible PC, Notebook or Macintosh with USB port
Operation System	WinXP/Vista/7/8 /10 and Mac OS9.x above, Linux Kernel 2.4 or above

## Function characteristics

Item	Description
USB Interface	USB2.0 high speed(USB1.1 and 1.0 compatible)
Capacity	4GB,8GB,16GB,32GB,64GB,128GB
Storage Device	Removable Storage Device
Data Retention	≥10 Years
LED Indicator	Optional
Read speed	Up to 25MB/S
Write speed	Up to 10MB/S
ReadyBoost	Enable(Windows Vista and Windows 7/8 system)

## Electrical characteristics

Item	Description
Input Voltage	DC 5V ±10%
Working current	single flash : ≤160mA; double flash : ≤180mA
Static current	≤85mA
Flash type	MLC/TLC
Storage Temperature	-25°C ~ +85°C
Operating Temperature	0°C ~ +70°C
Operation Relative Humidity	20% ~ 65% (40°C)
Storage Relative Humidity	20% ~ 95% (40°C)
Certificate	CE,FCC,ROHS,REACH
MTBF	1,000,000 hrs

## Physical characteristics

**Specification**

<b>Item</b>	<b>Description</b>
Size(L*W*H) (mm)	66.36*18.05*11.02
Weight (g)	About15.5
Color	Optional
Package	Blister/color box
	Plastic blister Size: 14.5*10*1.5cm
	Inner box: 32*16*11cm(25pcs/box)
	For 100pcs/ctn: 33*32*24cm
	For 200pcs/ctn: 64*33*24cm
